

Update on developments in Ghana, 2022

During the second half of 2021 and in 2022, a group of social workers were trained to become ICDP facilitators. Three groups of village parents participated in the training.

January 2022: ICDP Ghana was involved in a project aimed at empowering girls who dropped out of school to become financially stable by learning the skill of making bread. The training was conducted in rural communities in the Akuapim North and South, in the Eastern Region. The girls also attended an accelerated learning programme.

May 2022: The ICDP communities at

Akwane Dobro in the Nsawam Adoagyiri municipality were visited by Margaret Crotty, the president and CEO of World Education and JSI

ICDP Ghana has been helping communities with education, ICDP sensitization and how to attend to health challenges of their children. It has also facilitated the Village Savings and Loan Association programme for community members.

September 2022: ICDP Ghana in collaboration with UKaid, World Education and Complementary Education Agency (CEA) celebrated the International Literacy Day (ILD) at Otiakrom in the Eastern Region. Held on the theme; 'Transforming literacy learning space' ILD is a day set aside by UNESCO to highlight the importance of literacy for all people, communities, and societies. The day which is celebrated globally every September 8, seeks to advance the literacy agenda towards a more literate and sustainable society. The Chief Executive Officer (CEO) of ICDP, Mrs Joyce Larnyoh called on parents to establish and maintain a communication link with their children and to guide them towards educational achievements.

July 2022: Efforts began to improve access to clean potable water in the Otwetiri community. A team comprising ICDP Ghana, Clean Earth Scientific and together with traditional leaders, assessed the sources of water in the Otwetiri community with the aim of exploring alternatives of providing potable water to the community. This move was facilitated by the Zonta Club of Accra Metropolitan. Link to read more: <https://icdpghana.org/post/clean-potable-water-in-the-otwetiri-community>
